Many of our workshops and individual appointments will be completed via **phone** or by utilizing **Adobe Connect video conferencing**.

During this time, it is vitally important that we prioritize assistance based on level of need, dates of upcoming events (ie. deployments, separations/retirements) and urgency of congressionally mandated, by-law timelines.

We ask for your patience and understanding; we will assist you at our earliest availability. For general information or scheduling, please call the A&FRC at
